*TiLiten,
a public preschool for
children with disabilities*

Welcome to TilLiten, a public preschool for children with disabilities

TilLiten public preschool is a meeting place for children with disabilities and their parents and guardians. Play is adapted to your child's ability, and you will have the chance to meet other parents in a similar situation.

Welcoming a child into the world is a life-changing event for most people. Parents can experience a rollercoaster of emotions and may have many questions. If your child has a disability, life may change direction in a way you hadn't expected. In this case, it can be reassuring to know that there are places where you can meet other parents facing similar challenges.

Opportunities

TilLiten public preschool offers opportunities to play, enjoy a cup of coffee and chat. The staff have a wide range of skills and experience, including within rehabilitation and counselling. There are often staff on site who know sign language.

Somali- and Arabic-speaking cultural interpreters are always available at Lövgärdet.
