

Information om Corona-virus

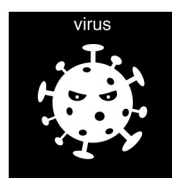

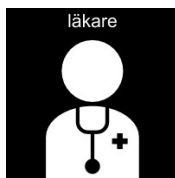

Många människor blir sjuka av corona-viruset nu.

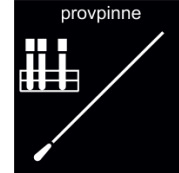

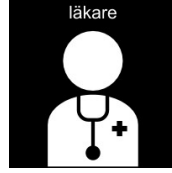

För att veta om viruset finns i din kropp kan du behöva ta

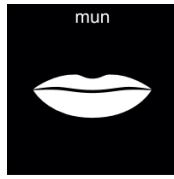

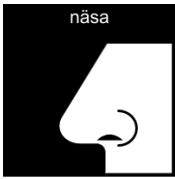

ett corona-test.

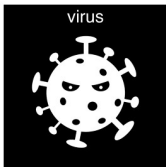

En sköterska eller en läkare tar corona-testet på dig.

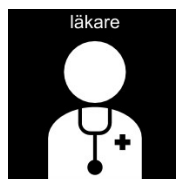

Då stoppar sköterskan eller läkaren en prov-pinne in i

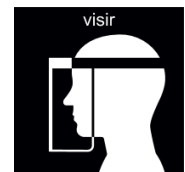

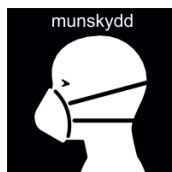

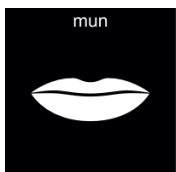

din näsa eller i din mun.

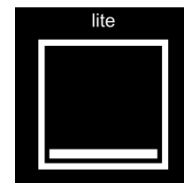

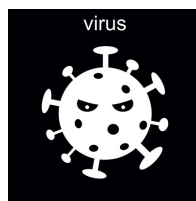

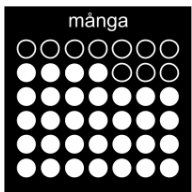

Corona-viruset smittar.

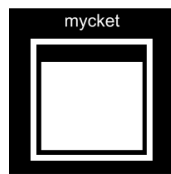

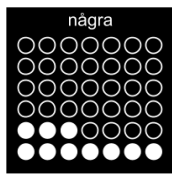

Därför har sköterskan och läkaren skydds-kläder på sig.

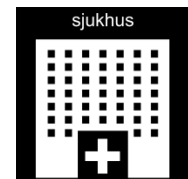

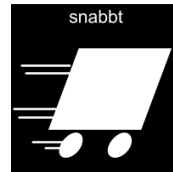

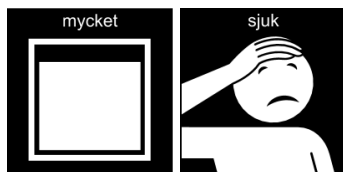

På munnen har de ett munskydd och över ansiktet ett visir.

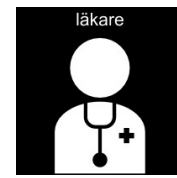

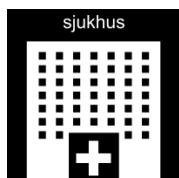

Många människor som har corona-viruset blir bara lite sjuka.

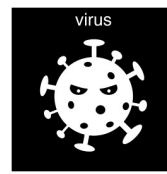

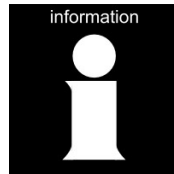

Men en del människor blir mycket sjuka.

Om du blir mycket sjuk behöver du snabbt åka till ett sjukhus.

På sjukhuset kan du få hjälp av sköterskor och läkare.

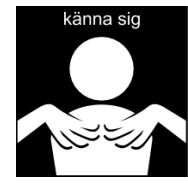

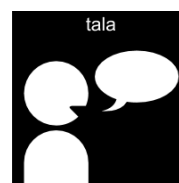

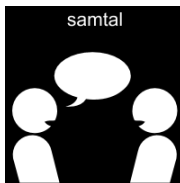

För att få mer information om corona-viruset

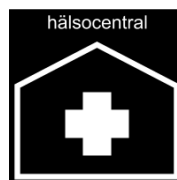

kan du ringa telefon-nummer 113 13.

Om du känner dig sjuk kan du ringa telefon-nummer 1177.

Då får du prata med en sköterska och berätta hur det känns.

Du kan också ringa till din hälsocentral om du känner dig sjuk.

Om du har svårt att andas ska du ringa telefon-nummer 112.
